

I have done several things from loans acquired in Usalama SACCO beginning with paying school fees for my children, buying land and many others.

Long live Usalama, long live Uganda

Zirintusa Moses

I have achieved a lot curtsy of Usalama SACCO loans; I bought 50 acres in Mityana, 25 acres in Lyantonde, I have also been paying school fees for my children now one in 2rd year at Nkumba University, another one in S.4 and the other in S.3 among others. In fact Usalama should be given an opportunity to pay us on large gratuity this time round and all salaries if possible.

Thanks Usalama SACCO

WOII Kategaya Denis

Usalama project started off from a weak and suspicious background. Many officers did not trust that it would be of any help then but a few of us had a belief that it would. I am now a proud of a plot of land in Jomayi Property in Mbiko having used part of the loan secured from Usalama in addition to furnishing my village house.

Long live Usalama

Capt Bitature Vincent

I have achieved a lot from Usalama SACCO, with education, my child is now in 4th year at the university and his followers are equally studing curtsy of Usalama Loan facility. I was able to complete my residence in Kabale District and also to finish rentals in Mutungo.

I argue members to embrace Usalama as it may turn to be our bank in future
